

Lawyer: I call Suspect #1 to the stand.

Can you explain to the jury why your shoe print matches the one found near the victim?

Suspect #1: Well, I went outside to meet my mom after the CSI Club and then realized that I had to go to the bathroom. So I came back inside before I went home. I must have tracked in a little bit of mud on my way back to the library.

Lawyer: You're excused from the stand. Moving on to Evidence C. There was a crumpled up piece of paper with book titles written on it found near Mr. Montgomery. Fingerprints were too blurry to distinguish, but we think the murdered wrote the list and accidentally left it at the crime scene. Let's examine evidence found in folder C to see if any of the suspect's handwriting matches.
