

How to Make an Aluminum Foil Cup

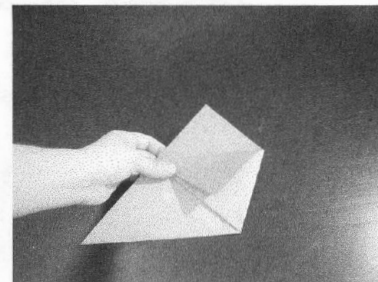

1. Cut a piece of aluminum foil into a square of 12" x 12". Place on table like a diamond.

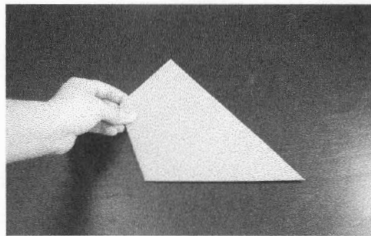

2. Bring the bottom corner to the top corner and fold.

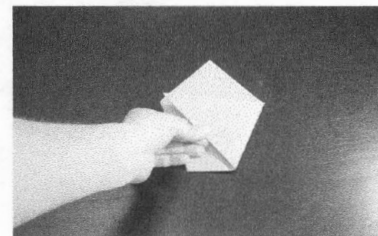

3. Fold the bottom right corner to the left side.

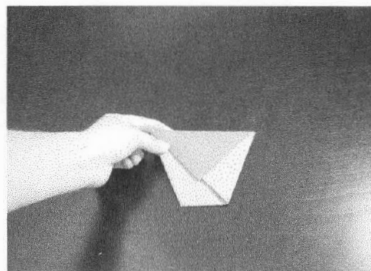

4. Fold the front half of the top triangle down over the piece you just folded.

5. Turn the paper over.

6. Fold the bottom right corner to the left side.

7. Fold the front half of the top triangle down over the piece you just folded.

8. Push your fingers inside and form a cup.
